

ANTARA PRESCHOOL

Established in 2019, Antara Preschool caters for children from 18 months to 6 years old. Your child's journey begins in the Playgroup and extends right through to our Kindergarten programme. From the beginning, our school believes that the essence of early childhood education is the creation of a safe and happy learning environment for our children where instilling an enthusiasm for learning, cultivating critical thinking, creativity and confidence to engage in the changing world is important.

Our team members strive to improve to meet every aspect of a child's need. We believe in innovation, resourcefulness and creativity when interacting with children. We also believe in embracing differences, and learning from our differences. Such spirit is deeply rooted within our team cultures where it extends to all aspects of our services.

We, at Antara Preschool, cherish the opportunity to be a part of the children's lives, for it is our honour to nurture them to be the great individuals that they are and have the potential to be.

Programmes at Antara Preschool

Playgroup 18 to 36 months old

We provide a diverse form of learning through play for toddlers to explore and discover. Our playgroup classroom has a secure environment for the children to explore their abilities.

Activities focus on strengthening a child's gross motor skills and life practical skills are conducted using suitable apparatus. All activities are customised to the children's needs, age and learning abilities.

Pre-Kindergarten 3 to 4 years old

Investigation and exploration are the core of learning for the Pre-Kindergarten class. Play is essential to our curriculum because it stimulates curiosity, language, problem-solving, mathematical thinking, cooperation and endurance. It also enhances positive self-esteem, autonomy and individual values.

With our play, discover, learn motto, the children can develop their skills and knowledge enthusiastically. We encourage progression at individual pace, which becomes the stimulant that drives the child.

Opening Hours

8:00 am - 6:00 pm

Monday - Friday

Visits are accepted via appointment basis only

189, Jalan Satu Krubong, Taman Satu Krubong, 75260 Melaka.

DID YOU KNOW?

Antara Preschool is acknowledged as the **best preschool in Melaka** by Ministry of Women, Family and Community Development (KPWKM)

Kindergarten 1 4 to 5 years old

The children in Kindergarten I class commence the primary stage of preparation for structured learning. We provide a well-rounded learning environment for the children to expand their minds to new possibilities.

At this stage, the children are exposed to appropriately structured integrated learning programmes and schedules. We make learning fun through play to encourage meaningful learning.

Kindergarten 2 5 to 6 years old

We understand that your child will soon be entering primary school with a range of expectations on a child's academic fulfilment. Hence, in Kindergarten II, we strive to pave the child's road with the stepping stones required for primary education. Most importantly, to love and enjoy the process of learning.

Extra Curricular Programmes

Dance, Tae Kwan Do, swimming, tennis, PLEX coding programmes are available at Antara Preschool. Please consult our support team for enrolment and registration.

A Day in Antara Preschool

DID YOU KNOW?

We are creating a sense of belonging for our children by displaying their photos and art work in class.

Our Philosophy

Our programmes are continuously linked, and staged into different age groups to cater to your child's progress. It revolves around our core philosophy - **Active Communicative Teaching** ("ACT").

ACT is an approach centred on your child to encourage beyond learning. Nurturing a child's learning capabilities is our ultimate aim. This involves learning individually, in small groups & large groups. We pioneer the method by:

- **Understanding your child:** A learning adventure tailor-made for children through attentive observation.
- **Cultivating your child's abilities:** Our educators engage the children in learning activities to encourage exploration and discovery. This approach motivates fun of learning whilst being academically focused.
- **Creating a Happy, Fun and Safe Learning Environment:** A child's opinion matters; they decide their learning plan and we, the facilitators, implement it to our best ability. Creativity and imagination are the key to exploration with fun activities. Such approach allows the growth of a child's mind, nurturing a well-rounded character.

Let's meet Antara Preschool educators!

Here are our team members who make wonders!
